

Y11 Continuous Assessments:

Science Revision and Tests

Summer 2021

The listed topics will be revised and tested following this calendar, to provide assessment data to aid in the award of Centre Assessed Grades (CAGs) for AQA *GCSE Combined Science: Trilogy* and *GCSE Separate Sciences*. Test papers will:

- Last 40 minutes and consist of several questions totalling around 40 marks.
- Be sat in the second lesson within the fortnightly timetable.
- Be tiered into Higher and Foundation papers.
- Consist of past paper questions and other AQA assessment materials.
- Be marked using AQA mark schemes.
- Be moderated within TDMS and across the MAT schools to ensure consistency and fairness.

Students in 11A *GCSE Separate Sciences* will sit additional papers w/c 26/4 and 24/5 to focus on the separate science content.

W/c	Week	Subject & Sets					
		Biology (all sets)	Biology (11A only)	Chemistry (all sets)	Chemistry (11A only)	Physics (all sets)	Physics (11A only)
15/3	A	B1 and B2	Separate science only content from Paper 1	C1 and C2	Separate science only content from Paper 1	P1 and P2	P16 and P7 (Nuclear physics)
22/3	B			C3 and C4		P3 and P4	
29/3	A	B3 and B4			C3 and C4		
EASTER							
19/4	B	B3 and B4	Separate science only content from Paper 1	C3 and C4	Separate science only content from Paper 1	P3 and P4	P16 and P7 (Nuclear physics)
26/4	A	B5, B6, B7		C5 and C6		P5 and P6	
3/5	B		B8 and B9	Separate science only content from Paper 2 (up to and including B11)	C8 and C9	Separate science only content from Paper 2 (up to and including C11 Polymers)	
10/5	A	C8 and C9			P7		
17/5	B	C10					
24/5	A	B10	C10		P7		
WHITSUN HALF TERM							
7/6	B	MODERATION					

Students are advised to ensure these topics are thoroughly revised to support good performance in the assessments. These assessment data in combination with previous data, including the mock exam, will be used to award CAGs.
